## BIG CONCERN INCORPORATED.

Yost Co. Will Begin Business January First.

THE CAPITAL IS \$10,000.

Will Manufacture Harness and Deal in Vehicles.

Articles of incorporation of the Yost Co. have been forwarded to Frankfort. The capital stock is \$10,000, divided into shares of \$100. Delbert D. Casey is President and manager and Harry A. Yost Sec'y and Treasurer. Business will begin Jan'y 1st, 1907. The new company has leased the large 3 story building adjoining the Kentuckian office, known as the "Racket Store." Many changes will be made in the building in order to make it suitable for the business. A large elevator is to be put in and a gallery in the rear. The harness manufacturing department will also be in the rear. This building is better adapted for the business than any other in the city. All three stories will be utilized and the company was fortunate in obtaining a lease on it.

The officers of the company are among the best known people of the city. Mr. Delbert Cayce has been with the Planters' Hardware Co. since its organization. Mr. Harry Yost is the popular harness and buggy man, who has been in business on South Main since he was a boy. It is useless to say that these popular gentlemen are fully competent to handle the large business that will soon be theirs, and that the people can trust them to the utmost in supplying their wants and giving them just what they pay for.

Mr. Yost has been doing a large business for a number of years and a short time since added wagons and buggies. He has been wonderfully successful in his new line and in his new quarters and will be better able than ever to satisfy his many customers.

The company will manufacture harness for the wholesale trade, as well as supply the wants of the individual customer. It will carry an unusually large stock of buggies, wagons and other articles, and will be able to compete with any house in this part of the state.

Mr. Frank A. Yost, manager of the Crescent Mills, is one of the incorporators and will be able to induce much business for the new concern. In his position at the Mills he has become acquainted with nearly every farmer in the county, and with the combined efforts, coupled with the general popularity of the three gentlemen named, at the head of the Company, there is certainly a bright outlook for a large business. Success to them.

DOUBLE HEADER  
Will be Played By Four  
Basket Ball Teams.

The Co. D. and S. K. C. basket ball teams will play a game at the College Gymnasium to-night, at 8 o'clock and following this game there will be one between the High School and Perryville Club team. The price to the double header will be only 25c. The Soldiers and Cadets have strong teams and some good sport is promised.

## AFFLICTED WITH CATARRH— LIFE HAD BECOME A BURDEN.

Pe-ru-na, Used As a Last Resort, Affords Complete Relief.

The Relief Experienced By Mrs. Carr Through the Use of Pe-ru-na, After Having Tried the Best Professional Treatment in Val, Is a Matter of No Small Wonder Among Her Many Friends.

Mrs. F. Carr, Vineland, Ont., Can., writes:

"For several years I was afflicted with catarrh, which made life a burden."

"The coughing and hacking, which accompanied the disease was terrible."

"The complaint finally extended to the stomach and I was in a wretched condition."

"I tried different remedies and the best professional treatment all in vain."

"Finally, as a last resort, I tried Peruna upon the recommendation of my sister in Hamilton."

"I could see steady improvement and after using four bottles of that precious medicine I was feeling well again, my old trouble being completely a thing of the past."

"To-day I would not take one thousand dollars for what this grand medicine has done for me."

"It has saved our lives to Peruna. A great many more owe their health to Peruna."

A multitude of women throughout Canada are using Peruna as a preventative and a relief from catarrhal coughs and colds."

"We have in our files a great number of letters from grateful women who have been benefited by Peruna, with permission to use these letters in public print."

Catarrh would not be such a curse to the human race if people thoroughly understood it."

Catarrh is a disease which never improves of its own accord, but becomes deeper seated the longer it is neglected."

"It should be treated at once to prevent it from making threads upon vital organs."

An article in the last issue of the Kentuckian, discussing the news features of the influx of loose tobacco, has caused some embarrassment to Mr. Geo. C. Long, whose name was used by the reporter. Mr. Long merely mentioned the heavy volume of business being done in tobacco and did not authorize an endorsement in his name of any particular method of selling tobacco.

men, is not taking sides in the issues raised by the marketing of tobacco.

The Kentuckian's own views are well known. Our sympathies have all along been and are at this time with the tobacco association in its struggle against the trusts, and our influence shall continue to be exerted for the farmers in all lawful steps they may take.

The argument for loose sales was intended to refer to the system by which tobacco could be either sold or deposited and money realized on it at once. For many years the farmers have been marketing their tobacco in this way and they can now either store it with the association prizing houses or sell it to the independent buyers and realize money as they need it. The association has been a blessing to the tobacco raisers and the prices are now higher than for years past. The farmers for once are organized and in a position to control their own crops and the planter who stays out of the organization is greatly in his own light.

To remove any doubts as to the attitude of this paper is to the association, and to prevent a new item from being misconstrued, the editorial policy of the Kentuckian is again thus plainly set forth. We have published freely and gratuitously every article sent to us by the association's officers and shall continue to do so. Our interests, our sympathies and our influence are all with the struggling farmers, as long as their methods are within the law. We must not however, as citizens, forget that the independent buyers are citizens and tax-payers as well as ourselves and are entitled to a square deal."

**DELIGHTED**Audience Greets North Bros'  
Comedians.

The consensus of opinion of theatre

goers is that the North Brothers' Comedians form the best repertoire company that has ever held the boards at Holland's Opera House.

They have been having good houses every night and the plays thus far put on seem to be better each night. The ladies orchestra is far ahead of most that usually accompany such companies, while the specialty acts are of a high order.

Tonight the play will be "The Celebrated Case." Friday night "His First False Step" will be put on, and is one of the best and most intensely interesting of the company's repertoire. Saturday night "A Fight for a Million" will be presented. Matinee Saturday afternoon. The very old and ever popular play of "East Lynne" will be given. The doors will open at 2 o'clock, performance begins half an hour later. Nearly all the children in the city will be there.

On Christmas night Billy Kendall's minstrels are to be there. This is one of the best minstrel companies on the road.

**HOG CHOLERA**The Problem of a Cure is  
Now Solved.

The much dreaded disease, hog cholera, has lost its terror to those who are posted on modern methods of treating the disease. It is now a simple disease, easily treated by a farmer who will follow the instructions given by the manufacturers can stop the worst outbreak of disease that ever came and save almost every hog able to take the treatment and protect the herd to thrive in a few days time.

The Snoddy Remedy, manufactured by Dr. J. H. Snoddy Remedy Co., of Alton, Ill., has been used in this country and has proven itself a positive cure for the much dreaded disease. It is now on sale in Hopkinsville, Ky., at the Planters Hardware Co., Inc., who will furnish any farmer or hog raiser one of Snoddy's books on hog cholera, free of charge, who will call at their store for further directions for treating hog cholera. The book is fully explained in this booklet. Every farmer should have one. They are free, and it is hoped that the people will study up on this new method of treating the disease so they can feel safe from hog cholera. Hog cholera, and also as they will understand how to keep the cholera out of this country. The remedy is also on sale by E. W. Stegar & Dickson, down at Masonville, who will also furnish the farmer a copy of Snoddy's book on hog cholera, call there for it.

This remedy is the greatest worm remedy and thrifit producer for hogs there is on the market. The extra gain they will make from its effect will return the farmer an average of \$100 per head for every dollar's worth of the medicine he uses properly and right. Hence the remedy is not an expense to a farmer but is a profitable investment, and one that pays a greater profit than anything else on the farm the same amount of money can be invested into.

The remedy is certain in its action when properly used. It is impossible for a cholera germ or worm of any kind to live in a hog while that hog is under the influence of this remedy.

The remedy will destroy every worm or germ of this kind the hog will get well in a short while and be as thrifit as he ever was.

There are many imitations of this

remedy being put on the market.

Let everyone be careful that they do not buy an imitation of the goods.

**BEAUTIFUL ARRAY OF CHRISTMAS GOODS**

At the Big Stores of Gray-Dudley Hardware Co., of Nashville.

Though the fact may not be generally known, Tennessee has within her borders one of the largest hardware establishments in the world, in the extensive retail and wholesale emporium conducted by the Gray & Dudley Hardware Company at Nashville. In conducting their business the company has found it necessary to thoroughly equip, with every late and up-to-date facility for handling their line of goods, one of the finest buildings in the city of Nashville. The smooth establishment is located on Third Avenue, N., formerly College street, where a large corps of clerks are employed in waiting on the trade and dispatching goods from the wholesale department.

The house travels a large number of experienced men and has several hundred employees. The Gray-Dudley Co., own and operate five separate factories, embracing hardware, harness, saddlery, etc., and have fifteen separate departments, consisting of railroad and mill supplies, mining tools, cutlery, guns and sporting goods of all kinds, athletic goods, house furnishing goods—which has been added to the retail store—silverware, lamps and clocks, all of which is handled to the jobbing and retail trade.

As Christmas times come on the departments which are attracting most attention are those located on the first and second floors of the big establishment. To a person bent upon Christmas shopping these elaborate departments are like a heaven. The appointments are excellent, and the rich line of wares displayed in a manner calculated to arrest the attention of the visitor.

The store is a bower of loveliness in the day, but by night, as the soft light plays upon the glittering silverware and elaborate cut glass displays, the scene is one which has description. This year the Christmas stock is much larger than any previous

year, especially selected to accommodate a rapidly growing trade.

In the silverware department alone the company carries a stock of enormous proportions, chests of silver ranging in price from \$100 to \$25, and the cut glass display has no equal in the South, pieces ranging in price from \$1 to \$100.

There are many new and pretty holiday novelties arriving daily, and time spent looking over the handsome array of goods is not lost.

**PROCLAMATION.**

No Disturbance of the Public Peace Will Be Allowed.

To THE PEOPLE OF HOPKINSVILLE:

At the beginning of the holiday season, to allay any feeling of insecurity in Hopkinsville, I am making this public announcement of conditions in the city. There is not now, nor has there been at any time, any danger of mob rule in Hopkinsville. Following the Princeton outrages of Dec. 1, I took immediate steps to guard against similar marauding here and, to relieve the apprehensions of the people, made public announcement of the fact. The guards have been increased until there are now sixteen night policemen and four night firemen invested with police authority on duty every night, armed with guns as well as pistols. Every part of the city is patrolled and the officers are instructed to arrest all suspicious characters, and should they encounter a formidable force of marauders to at once turn on a general fire alarm and a riot alarm, which would be instantly responded to by eight other firemen, five day policemen, a strong posse of sheriff's deputies, the local military company of fifty men and an unlimited number of "home guards," who would aid in protecting the city and arresting the marauders, dead or alive.

The system of notification is such that the city cannot be taken by surprise and the alarms and signals arranged are automatic and cannot be interfered with. I was called upon by representatives of all of the insurance companies to give information of the conditions here and I gave them such assurances of protection that with hardly an exception these companies will continue to write insurance on all classes of property as heretofore.

The situation locally is quiet and peaceful. Nothing will be tolerated that is calculated to make it otherwise. Incendiary speeches in public or inflammatory talks on the streets will be promptly stopped, drunkards will be arrested and every attention will be given to the enforcement of good order during the holidays.

days, and above all there will be no relaxation in the vigilance of the officers. I have been criticised in some sources and some personal threats have been reported to me, but I shall not change in the least the plans formulated for the protection of property in the city, except to strengthen and improve them.

As a result of the feeling of confidence in our ability to take care of ourselves, Hopkinsville is to-day enjoying an era of unexampled prosperity. Business men are overwhelmed with customers, new people are coming to the city every week, there is not a vacant house or store room in the city. Our tobacco men are getting along harmoniously and hundreds of loads of tobacco are being brought in every day to the factories in and out of the organizations and the prices obtained, thanks to the Planters Protective Association, are the highest in years. There is no occasion for anybody to be dissatisfied with conditions here and no disorders of any kind will be allowed to disturb these conditions.

Chas. M. Meacham,  
Mayor.

### TO WED IN JAPAN.

Nuptials of Post Wheeler and Hallie Erminie Rives.

Washington, Dec. 17.—Miss Hallie Erminie Rives, a native of Kentucky, the authoress and a cousin of Princess Troubetzkoy, who was formerly Amelie Rives, of Virginia, and Mr. Post Wheeler, formerly a well-known magazine and newspaper writer of New York, will be married in Japan at the end of the present month. The invitations announcing the wedding reached Washington to-day through the State Department's diplomatic pouch from Ambassador and Mrs. Wright at Tokio, where Mr. Wheeler is Second Secretary of the American Embassy, having been appointed late in the summer and confirmed by the Senate last week. Mr. Wheeler and Miss Rives are now the guests of Ambassador and Mrs. Wright. The latter will be Miss Rives' matron of honor, and she will be given away by Ambassador Wright, who is an old friend of the Rives family of Kentucky and Virginia. Dr. McKim, the American Bishop to Japan, will perform the ceremony, and Mr. Wheeler's best man will be a Japanese Count, who was an old college chum of his in the United States, but is now a member of the Japanese House of Peers.

### NOVEL ENTERTAINMENT

Will Be Given by the Baptist Sunday School.

The members of the Baptist Sunday School are making preparations to have their regular Christmas entertainment next Thursday night, Dec. 27th. The entertainment this year will be different from those of previous years. Instead of drawing from the treasury of the school and having a Christmas tree and giving a present to each scholar, this year each scholar will be asked to bring something to give to the poor of the city who haven't the money to buy with. It is expected that a large collection of these gifts will be the result of the entertainment and the next day they will be distributed in the homes of the city where they are most needed.

There will be much fun attached to the entertainment, as each class will be differently dressed; for instance one class will represent cooks and all the members thereof will be dressed up as black cooks and will each bring a cake or something good to eat; another class will be dressed as "millers" and will each bring a sack of flour or meal, and so on with every class in the school, each dressed differently and each representing a different thing. The officers and the teachers, assisted by the pastor, have the entertainment in hand and the members of the school are looking forward to the occasion with great delight.
